

Strategic Mindset® Dimensions Workshop

The Strategic Mindset® Dimensions workshop is an introduction to the Strategic Mindset process and reviews the DiSC® behavioral profile for business owners and managers. Individual emphasis provides an overview, interpretation, application and learning of DiSC® communication skills.

The Strategic Mindset® “Dimensions of Behavior” helps describe an individual's behavioral tendencies, styles and a desired work environment. The assessment helps interpret and develop an understanding of behavioral strengths and challenges. DiSC® is a useful tool for organizational development and performance improvement.

Strategic Mindset® Process

- ▶ Reflect and invest some focused time working “on” your business
- ▶ Take a “Business Reality Checkup”
- ▶ Challenge your current mindset, assumptions & modes of operation
- ▶ Develop clarity of direction
- ▶ Focus on a strategic process to achieve your goals

Develop a Strategic Mindset® to gain clarity about who you are, what you want out of your career and how to achieve your goals.

DiSC® Personal Profile Assessments

- ▶ Understand your behavioral strengths and challenges
- ▶ Learn to value the differences and strengths of others
- ▶ Develop strategies to deal with diversity of people and their communication styles
- ▶ Improve client relationships and customer satisfaction

Disc® Classic 2.0 Assessment

Learn to better understand what motivates people and being able to recognize effective communication styles.
